

	Al Tawfeek Maintenance Services CO. W.L.L		
	Integrated Management System Policy		
ATMS-POL-01	Rev 00	Effective date: 01-01-2026	Page 1 of 2

**Al Tawfeek Maintenance Services Co. W.L.L.**, established in 1983, is one of the leading service provider of Waste collection, treatment and disposal activities in the Kingdom of Bahrain. Our Services can be broadly categorized into three activities namely Tanker services (sewerage disposal & Sweet Water supplies), Skip Services (Compactable and Non-compactable loads using Skip buckets) and High Pressure Jetting service ( block removals and cleaning using High pressure jetting machines ) Equipped with the most advanced machineries & Vehicles available in the industry, Al Tawfeek has a wider client base ranging from 5-7 star Hotels, Contracting and Engineering companies and several listed companies.

The Management of ATMS is completely committed to a policy of identification, prevention and elimination of all undesirable events which may result in loss of lives and/or injury to employees, visitors, clients, suppliers, vendors, contractors, and which may result in damage to property, surrounding community and the environment.

We are therefore committed to reduce our environmental impact, prevent pollution, protect the environment and continually improve our environmental & safety performance as an integral and fundamental part of our service processes.

We are continuously fostering a health & safety culture with the objective of developing and providing services with zero defects & incidents that are trusted and preferred by our customers. For that we are incessantly striving to create sustainable value and to effectively and efficiently build and maintain customer and consumer trust.

We have set and reviewed the IMS objectives and targets, subjected to continual improvement, and communicated this to all employees and relevant parties. ATMS is committed to promoting best practices for quality, health & safety, and environment at work and to minimize hazards and incidents within its processes and services.

Successful implementation of this commitment to provide our contracting services in compliance with occupational health & safety regulations and standards, which requires a thorough understanding and complete acceptance of the following:

- Compliance with all existing laws, requirements, and regulations set by the Government of the Kingdom of Bahrain, International Standards, and best practices regarding occupational health & safety.
- It is the duty of every staff member, visitor, clients, vendor, supplier and external contractors to protect himself and the individuals associated with his activities from accidents which may result in injury or death.
- It is the moral responsibility of the company and of its entire staff, to protect the surrounding community and the environment affected by its activities.
- Only accident-free projects can be expected to be consistently productive and profitable.
